

progeCAD software donation to Croatian educational institutions

27 educational institutions have obtained free licenses of the progeCAD software to use the program on all university and school computers as well as on professors' and students' home PCs.

Zagreb, 11.11.2014. - In 2014 the progeCAD company granted the program to 27 educational institutions to use progeCAD 2014 for free on the unlimited number of university and school computers as well as on professors' and students' home PCs. progeCAD 2014 Professional is the most affordable CAD program on the Croatian market with the price of a Single licence of only €280.00, and the unique models of the Corporate One-site and Country licensing solutions for large companies with a lot of engineers.

Among the educational institutions that use progeCAD free educational licenses there are also leading Croatian university faculties and schools, such as:

- Faculty of Architecture, University of Zagreb
- Faculty of Civil Engineering, University of Zagreb
- Faculty of Civil Engineering, Architecture and Geodesy, University of Split
- Faculty of Electrical Engineering, Mechanical Engineering and Naval Architecture, University of Split
- Ruđer Bošković Institute

The complete list of all the University faculties and schools to which free educational licences have been donated is available on the www.progecad.com.hr website.

" We are extremely pleased to let a large number of Croatian schools, colleges and universities use for free the CAD software of the progeCAD company, which we represent in Croatia, Slovenia and Bosnia. Granting of progeCAD 2014 Professional will continue and we invite all the educational institutions that use engineering software in their academic programs to get involved and join this unique programme."- said Matthew Rukavina, director of RITEH d.o.o., Croatia.
